Evil's Return

Story So Far...

Seo Yumi's first period signaled to legions of demons that she, the prophesied mother of hell, was ready to bear the seed of any hellish horror that could get its hands on her. Buddhist disciple and student body president Sunwoo Hyun was her only line of defense against the evil forces but when hotheaded and head-over-heels in love freshman Tae Chail challenged Hyun to a duel over Yumi's love, he may have caused more harm than good. This experience, however, unlocked hidden memories in Chail, and revealed the knowledge that he is the reincarnation of the ancient warrior Chi Yu, intended to eventually save the reincarnation of his beloved Soha. Who, just happens to be Yumi. Now with Yumi kidnapped by the heavenly father Chail, Sunwoo and their new companion Mimi will have to battle through a possessed town to get her back.
